Blindman Valley Oil Co. Will Drill Immediately

Drill Is Being Loaded This Week At Edmonton—Two Wells
May Be Drilled By This Company.

That Wetaskiwin is soon to have
drilling given out this week by Ralph
H. Cox, of Edmonton, who was in the
city on Monday appointing agents to
sell stock in the Blindman Valley Oil
company, who will start
drilling immediately on their hold-
ings in the Wetaskiwin district.
The drilling outfit is already at
Edmonton and will be loaded this
week and shipped to the company's
property. The drill is a standard
one and is equipped to drill to a
depth of 3,500 feet if necessary.
The company has appointed Mr. O.
Williams, the well known oil expert
and geologist, to pick out the location
for the first well. It is the in-
tention of the company to work a
double shift of the well and if cir-
cumstances are favorable a second out-
let will be secured and another well drilled.
The directors of the Blindman Valley
Oil Company, Limited, had known of
the oil indications in this dis-
trict for the past two years, and it
was just holding their knowledge for
future developments, but owing to
the news leaking out regarding

the indications of oil, steps were
taken at once to file on the choicest
and none too soon, as within the
next few hours of the filing of these
lands some 200,000 acres were blanketed
by various capitalists.
The following are the holdings from
which the "Blindman" will have the
geologists choose the drilling sites:
All section 14-4-27, W 4th; all section
22-4-27, W 4th; all section 28-
4-27, W 4th; W 4th and N.E. 1; 26-3-
27, W 4th; all section 14-4-3, W 5th;
all section 17-4-3, W 5th; all section
20-4-3, W 5th; all section 21-4-3, W 5th;
N.W. 1; section 14-4-4, W 5th;
S.E. 1; section 13-4-4, W 5th.
Total number of acres 7,680.
On section 17-4-3, W 5th, are located
six mud volcanoes, as mentioned
in reports by Cunningham Gray,
who says the presence of these mud
volcanoes indicates invariably the
presence of a body of petroleum in
the vicinity.
The directors of this company are
all Edmonton men of high standing
and they will do everything to push
development of the company's hold-
ings. This is one of the few compa-
nies that have the good fortune to
have a drilling outfit ready to in-
stall before the stock was offered to
the general public.
The capitalization of the company is
\$500,000 and the first 100,000 of
shares was subscribed by the direc-
tors at a directors' meeting, this be-
ing done in order to purchase a drill
immediately and further show the
faith the directors have in the Wetaskiwin
district. It is only to be
hoped that the directors' good judg-
ment will prove a blessing to Wetaskiwin.
The par value of the stock is \$1.00
fully paid and non-assessable. The
small block of stock is now on the
market at 25c per share.

Medal for best Kept Lines
and Equipment.

Thursday, July 9, was a red letter
day for a number of the Wetaskiwin
school cadets, when they started for
their first experience of camping un-
der military conditions.
After a short but enjoyable trip the
boys, in charge of P. W. Tracy, were
met at the Edmonton station by
Major Outbit, Inspector of cadets
for Alberta, and boarding the special
car provided by the Edmonton street
railway were soon at the camp at
east end park, which proved to be an
ideal camping ground, and its close
proximity to the exhibition grounds,
which provided the boys with the use
of the swimming tank, swings, etc.

C.N. COAST TO COAST BY NEXT NOVEMBER

Toronto, July 11.—Sir Donald Mac-
dougall in an interview today that
the transcontinental line from tide-
water to tide-water would probably
be completed in October or Novem-
ber next.
The bond between the Canadian
government and the C.N.R., provided
for in the legislation of the last
session, and which gave the com-
pany \$45,000,000 of bond guaran-
tees, will probably be completed with-
in the next few days.

It is understood that no arrange-
ment has yet been completed in re-
gard to the placing of the line in
London. That there will be no im-
mediate offering of the entire amount
and that, in defence of the govern-
ment's wish, the bonds will be mar-
ketted in instalments, is understood
to have been agreed upon.

Town Topics

Chas. Yendell left this morning for
Vancouver, where he will look after
his racing horse.
A number of Wetaskiwin people at-
tended the sports at Ryley on Fri-
day last week.
Sam Cattell was in Calgary for a
few days this week attending the
Photographers' convention.
Mrs. James Carter leaves this
week for a few days' visit with Mr.
and Mrs. Spoor, Stettler.
Miss Natalie Carlson, who visited
in Edmonton a couple of days last
week, returned home on Saturday eve-
ning.

LACROSSE

A very enthusiastic lacrosse organi-
zation meeting was held in the con-
ciliatory chambers on the evening of July
10.
After a lengthy discussion, it was
unanimously decided that the follow-
ing officers be appointed:
Hon. President—Chas. H. Olin.
Vice President—H. R. Cutler.
President—J. F. Ellis.
Vice President—H. W. Nesbitt.
Hon. Vice President—C. A. Annett.
Manager and Coach—J. R. Staples.
Executive—J. M. Peterkin, J. R.
Staples, C. D. Enman, A. Peckhold,
Ramsay, T. Walker.
It will be expected that all the
officers and others interested in the
game will do all in their power to
help promote interest in lacrosse. If
they do they cannot fail to make a
success of it. The first practice is
to be held on Monday night and as
soon as a proper line-up can be se-
cured it is expected that some games
with other provincial teams can be
arranged.
It is hoped that citizens generally
will help this movement along by
attending games and subscribing gen-
erously should it be necessary.
Mr. A. C. Peterkin, of Vancouver
(Brangell) will hold gospel services
in the Gospel Hall, Alberta Street on
Monday and Tuesday, 20th and 21st at
8 p. m. All are invited. Free to all.

Jos. F. Richards**IRRIGATION CONVENTION****TO BE HELD AT
PENTICTON, B. C.**

The Western Canada Irrigation association will hold its eighth annual convention in the city of Penticton, B. C., on August 17, 18 and 19. The meeting will convene on the morning of the 17th at 9:30 o'clock.

The Okanagan Valley, through which delegates must travel to reach Penticton, is not only one of the most fertile districts in British Columbia, but the centre for many large irrigation projects, both under operation and construction. Unsurpassed in grandeur of scenery, it is possessed of a most delightful climate. Towering snow-crowned mountains, foam-ling white-tipped streams and rippling verdant fields and orchards, together with the crystal lakes which abound on every side.

Penticton, "The Hub of the Okanagan" has been blessed by nature. Situated in a sheltering valley with a lake 70 miles long to the north and a second lake (Shuswap) ten miles long to the south, whose waters, which are exceedingly deep, vary between 32 and 56 degrees Fahrenheit, it tempers the climate in winter and cools it in summer. It has been observed that when frost killed orange groves in Florida, those situated in Penticton escaped injury. Dryness of atmosphere, beauty and grandeur of summer and autumn seasons and end weeks of uninterrupted sunshine are just reasons why thousands of fertile acres in the district are under fruit cultivation. Its bench lands, fruitfully irrigated by large reservoirs stored in the mountains, produce apples, pears, peaches, plums, prunes, apricots, nectarines and other fruits that command the highest prices on the world's markets. Walnuts, almonds, grapes, etc., are also grown commercially.

Penticton can be reached by the Canadian Pacific Railway from Steamers on the main line east or west, and by the Crow's Nest branch and the Kettle Valley railway. Arrangements may be made to run a special train over the Kettle Valley railroad from Nelson to Penticton, B. C., via Way and Kelowna, all particulars of which may be obtained from C.P.R. agents at Crow's Nest and boundary points. This would enable delegates from these sections to reach Penticton via the new scenic direct route. The railway hotel "The Inland" and the commercial house "Penticton" are modern and spacious. To further accommodate the delegates, it is hoped that the C.P.R. S.E. "Okanagan" will be tied up at the dock during the meeting, thus giving additional sleeping accommodation for 70. In no part of British Columbia are the varied recreations of town and country and the commercial production of delectable fruits so rapidly known as the California of Canada.

Experts in fruit culture, exponents of alfalfa production and practical students of modern farming in all its ramifications will attend. Questions of greatest interest to irrigators will be discussed and dealt with by prominent authorities from California, Oregon, Idaho, Washington and Utah, as well as the Prairie provinces and British Columbia. The splendid encouragement that the Association has received in the attendance of delegates at its last two conventions; the fact that for the first time

in history, the International Irrigation Congress will be held in Canada a month later, and that some of its permanent officers will address the convention, and the general interest that is steadily manifesting itself throughout the entire west in the science of irrigation practically assure a successful meeting.

Discussion is an important factor of the program, and will be encouraged. To make this a practical meeting and to secure results from the discussion of questions in which delegates are interested, it is advisable that delegates go prepared to discuss matters which will be before the meeting. An excellent program of addresses has been arranged. Papers have been promised by many well known authorities on irrigation, fruit farming and all subjects pertaining to better agricultural methods.

Official delegations will attend from the International Irrigation Congress, the Oregon Irrigation Congress, the Cypress Hills Water Users' Association and from the Kootenay and Arrow Lakes District.

During the convention delegates will be entertained with an auto trip through the orchards, a visit to the various irrigation projects in the vicinity, a regatta by the Penticton Aquatic Club, and a banquet. Wednesday, August 13th, has been set aside as "Growers' Day." The afternoon session will be given up to talks by practical fruit growers and farmers who will tell experiences encountered on the land. In the morning the orchards under irrigation in the district will be inspected.

**ALBERTA CADETS
LEAD EVERY
OTHER PROVINCE**

Standing underneath the trees outside his tent, surrounded by mosquitoes, the cadet of the 1st Battalion, Col. E. A. Cruikshank, commanding the cadet camp at the east end park this week, told a reporter last night of his pride in the fact that Alberta leads the whole Dominion in the strength of its cadet movement. He said there were more cadets in Alberta in proportion to the school population than in any other province. Moreover, not only do the Alberta cadets excel in point of proportion, but also because of their prowess for the cadet corps told of how they had twice won the Earl Grey shield, that he said is something to be proud of in these days of keen competition.

There are three thousand cadets in the province, Col. Cruikshank said, that there was scarcely a town where there was a school large enough to form a corps that did not have a band of the boys in khaki. "We believe," he said, "that there is nothing like the cadet system for developing the boys physically, mentally and morally. It disciplines them and teaches them habits of obedience and self-control; it makes them harder and more courageous, and they are better citizens because of it. If need be, too, it fits them to be better citizens in defence of their country."

Col. Cruikshank, paid Edmonton a glowing compliment by saying that the capital city has over one hundred more cadets than Calgary, notwithstanding that the southern city has a greater aggregate population. He also points out that the movement includes boys of all nationalities and religions. At Cardston there is a corps of Mormons, and even the Indian boys on the Blood reserve could not resist the temptation. Negroes, Chinese and Japanese are also well represented. And there they may be seen in the east end park today, mixing freely with one another and all learning the same lessons because they will better fit them for the sturdy battle of life in the coming days.

The colonel said that the old objection to the movement, that it was incultivating too great a military spirit, was gradually disappearing. "Too ple," he declared, "are beginning to realize the absurdity of it. Everyone of us may be called upon to defend our country, and isn't it better for boys and men to be educated and trained to be sent like sheep to the slaughter?"

At the Calgary camp last week there were criticisms that administrative matters were not as they should be—that the boys were ill-fed and were not properly cared for. The colonel said these statements were circulated by ill-disposed persons. No complaints had reached his ears, except that on the first day a number of cooks failed to appear, and consequently things were a little disorganized until other cooks were found. So far from there being any ground of complaint, Col. Cruikshank said all the boys went home satisfied and promised to go back next year, with bigger contingents than ever.

The heavy rains this week have caused some inconvenience at the camp. Swarms of mosquitoes have appeared because of the dampness, and a few low lying tents have found to be under water. On the whole, however, conditions at the camp have been very satisfactory and the boys have been very happy during the time they have been at the camp.

A few of the boys have been treated at the camp hospital for headaches and sore throats, and one ailing boy was sent back to his home in Wetaskiwin, but the general health of the boys has been good.

Parents will be glad to hear that the boys are exceedingly well behaved. The parent caretaker was afraid that the youngsters would carve their names on the trees and commit other depredations, but they have studiously refrained from doing anything that would bring the movement into disrepute, and Col. Cruikshank uttered a word of commendation last night in regard to this.

Last night a large number of parents and visitors took advantage of the fine evening to inspect the camp and greet the officers and boys.

**TWO THOUSAND
ORANGEMEN IN
CALGARY PARADE**

Calgary, July 11.—Over 2,000 of the members of the Orange Order in Alberta assembled and paraded in this city today. It was the largest celebration of its kind ever held in this province, and the meeting of the Orangemen through the principal streets was witnessed by the major portion of the city's population.

Speeches were delivered by Acting Mayor Costello, J. Harvey Moore of Edmonton, grand organizer; Rev. Marchmont, J. Spry, grand orator; Wm. Piper, P.O. M. Calgary, the oldest Orangeman in Alberta, he having been connected with the order for 51 years, and Alderman Crandell, first grand master of the grand provincial lodge.

In the speeches references were made to the prominent part played by the Orangemen of Manitoba in the recent elections, Premier Roblin's policy of separate schools being strongly commended. The whole tenor of the addresses was one flag, one language and one empire.

A message of sympathy with the United States and urging that they stand by their guns and win the day, was forwarded to Sir Edward Carson. Calgary Lodge, No. 2563, won the prize for making the best showing in the parade.

In the afternoon a very successful sports program was carried through at Victoria Park in the presence of a large attendance of spectators.

**POLICE ARREST
MEN WANTED FOR
AMISK SHOOTING**

Edmonton, July 8.—Three men believed to be the men concerned in the shooting of justice of the peace Chivas at Amisk, have been arrested at Havre, Mont. The men are now being brought to Maple Creek, Sask., for identification.

Sergeant McBrayne of the R.N.W.M.P. has been searching for clues to the whereabouts of the wanted men ever since the shooting, several weeks ago. Several false clues were picked up and abandoned when they were found to have no connection with the wanted men, but one clue discovered by Sergeant McBrayne related to three men closely answering the description of the three men seen at Amisk, the night that they were shot. Their names were J. B. Chivas, the clue appeared to be the best yet and it has been followed so far with success.

The three men were pursued by Sergeant McBrayne as far as the International boundary, where he relinquished the chase in favor of the local officer of the law. The men were traced all the way to Havre, Mont., and placed under arrest. They are now being brought to Maple Creek, where they will be met by Sergeant McBrayne and a witness who saw the gang at Amisk.

The fact that the men are being brought so far indicates that their resemblance to the outlaws is very strong.

**The Summer Complaint of
Infants****IS CHOLERA INFANTUM****Many Children Die from this
Trouble When They Could
be Cured by the Use of
DR. FOWLER'S EX-
TRACT OF WILD
STRAWBERRY**

A remedy which will quickly offset the vomiting, purging, and the profuse diarrhoea, accompanying a case of this nature.

Mrs. George Henley, Rosgrove, Ont., writes:—"I can recommend Dr. Fowler's Extract of Wild Strawberry for Cholera Infantum. My little girl was so sick I did not think she could live, as we could not lift her up, for when we moved her, her bowels would move. I gave her a few drops of the medicine and she was better, and one bottle cured her. I recommended it to my sister, whose child was sick, and it cured her. I have told other friends about it, and they have found that it is a grand medicine to have in the house all the time."

There are many preparations on the market today, claiming to make the same cures as "Dr. Fowler's," but these are not genuine, so called strawberry compounds are nothing more or less than rank imitations, and are liable to be detrimental to your health.

When you ask for "Dr. Fowler's" be sure you get it. Do not accept any other as these substitutes may be dangerous.

See that our name is on the wrapper.

STEP IN OUR YARD

Look around—ask questions—examine our stock—get our prices.

That's the way—the only way—to buy Lumber and Building Material.

We welcome the critical buyer—and above all, the buyer who is posted.

When we say we are willing to do anything to please you, we are only looking after our own interests in the future. We don't want to go out of business next year, and we should have to, if we didn't treat you fairly and squarely, and give you the best for your money.

Of course we don't claim the earth with a red fence around it, but we do claim that we can give you the best Lumber and Building Material values for your money.

TEACHERS' SUMMER TRAINING SCHOOL

IS IN FULL SWING

The summer school for teachers being held at the Alberta University is in full swing. One hundred and fifty students are in attendance, and when the inspectors, who are also to take the course, arrive, there will be altogether 180 resident at the university for the teachers' summer school.

Classes are held daily under competent instructors in agriculture, nature study, art methods, manual training, woodwork, drawing and painting and household science. The instruction in agriculture is being given by the principals of the provincial schools of agriculture, while the course is under the direction of Dr. J. C. Miller, director of technical education for the province. The teachers have daily gymnasium periods, and also indulge in tennis, baseball, and football.

BATTLE LAKE

Mrs. A. E. Heacock of Wetaskiwin is visiting her many friends at Battle Lake. Born at Battle Lake, on July 10, to Mr. and Mrs. Peter Young, a daughter.

Mr. and Mrs. Fullerton expect to move into their new residence this week, it being one of the finest in the district west of Wetaskiwin. A pick and shovel artist was doing the oil dance here last week. Mr. and Mrs. Hammett of Yorkford visited with Mr. and Mrs. Wallace on Sunday.

The city fathers met on the 13th and will meet again on the 3th of October.

This district can boast of the latest thing in telephone construction. The poles are in line on the ground in piles and are without wires.

It is proposed to hold a better baby fair here some time this fall.

GOLD DISCOVERY

AT KELOWNA

Acting on rumors to the effect that for some time past, gold in large quantities had been discovered in the neighborhood of Kelowna, B.C., Mr. Rember Paul, a Vancouver capitalist has formed a company, shares in which will not be purchasable by the public. It has been proved beyond all reasonable doubt that gold actually exists in the Kelowna locality, and there will be before long undoubtedly a big rush of prospectors and others to this district.

"We don't have honest elections in this town like we used to," said Mr. Erastus Tinkley. "Like you used to?" "Yassuh. It used to be that when they promised you \$2 for your vote you'd get it. Now day won't even promise."—Washington Star.

HAD SALT RHEUM ON HER HANDS SO BAD SHE COULD NOT WORK

Burdock Blood Bitters Cured Her

Mrs. B. Bell, Box 104, Newboro, Ont., writes:—"Some time ago I was troubled with Salt Rheum on my hands, and it was so bad I could not do my work. I tried several medicines but they all failed to help me. One day a friend told me to try Burdock Blood Bitters, so I got a bottle, and before I had taken it my hands were better. I am not afraid to recommend B.D.B. to anybody."

There is only one way to get rid of all those obnoxious skin diseases, such as Eczema, Salt Rheum, Boils, Pimples, etc., and that is by giving the blood a thorough cleansing by the use of Burdock Blood Bitters.

This sterling remedy has been on the market for close on to forty years and you will find that it will do all we claim for it.

See that our name appears on the bottle, label and wrapper.

HINDUS MADE EFFORT TO GET TO SHORE

Vancouver, July 12.—Somewhere between one and two o'clock the most determined attempt on the part of the local Hindus to bring ashore a few, if not all of the 390 odd Hindus was made but frustrated by the vigilance of the immigration officials. In the grey of the dawn the crew of the launch detected an unusual stir on board the Komagata Maru, at the same time that half a dozen gasoline boats of high power were about to put out of the adjacent wharves.

In a few moments the game was as clear as the coming day. Without further concealment the launches were headed straight for the Komagata, encouraged by shouts from those on board the steamer. When within hail, the launches were ordered to stand off. Some of them did so, but others steered to the other side of the vessel in the hope that the attention of the officials would be distracted, and that they would therefore be able to accomplish their design. The rifles that are always carried aboard the government launch were handed round among the crew and the shore Hindus were given to understand in no unmistakable terms that the slightest move on their part on the part of the Komagata tourists would be drastically dealt with. In view of this the Hindus returned to shore and the effect of the raid has been to double the government's watch.

Had Severe Stomach Trouble and Sick Headache

Could Not Eat Anything
Without Agonizing Pain

My health is better now than it has been for years, and I owe it to Milburn's Lax-Liver Pills. I was for several years troubled with severe stomach trouble and sick headache. Could not eat anything without agonizing pain. My sick headaches were most violent and I could not rest night or day. I became emaciated and thoroughly despondent, and no medicine seemed to help me until I took Milburn's Lax-Liver Pills. In five months I was entirely cured.

Milburn's Lax-Liver Pills are without a doubt one of the best remedies on the market today for all the troubles arising from the wrong action of the Liver. You can procure them from any druggist or general store. If they haven't them in stock send direct to The T. Milburn Co., Limited, Toronto, Ont. Price, 25 cents per vial or 5 vials for \$1.00.

Calgary Oil Fields

Free Market Letter

Commercial quantities of high grade oil in a proven field and tremendous development now under way, makes Calgary the next great fortune making centre. Bankers and business men from all quarters of the world are sending capital here to take advantage of the wonderful opportunities.

We are not promoters tied to one proposition and blinded by prejudice, but are free and independent to recommend or condemn the various stocks according to our best judgment. Because of our large experience, and thorough knowledge of conditions, our recommendations are eagerly sought after.

The oil barons of to-day are the early investors in new oil fields. The opportunity is here right now, during the development period, for both small and large investment.

Write to-day for map of the district, and our market letter—the authority on Calgary stocks—both free.

One thousand cartons on sale at the Banner Grocery at 35c dozen.

Dr. Northey, Dr. Johnson and E. Hedenstrom's families went to Red Deer Lake last Sunday. They report a splendid time.

Miss Nellie Carter leaves today for a visit with Mr. and Mrs. Tom Thigpen of Edmonton (South), formerly of Wetaskiwin.

The machinery and casing for the gas well arrived this week and drilling operations will be proceeded with immediately.

Birger Thyrin and O. Nelson of Edmonton arrived in the city yesterday. They will spend their summer vacation at Bears Hill.

The Willing Workers of the Presbyterian Church will hold a sale of home cooking at the Star Store on Saturday afternoon, from four to six o'clock.

The old beating plant is being taken out of the Alexandra school and the new plant is expected to be installed in time for the fall term of the school.

Mr. E. Roberts, town secretary-treasurer, spent the week-end at Gull Lake, visiting his family, who are spending their vacation at this favorite resort.

The Hotelman play the American Ladies Baseball team at the local diamond tomorrow evening at 6:45. Everybody is requested to turn out and witness this game. Admission 50c.

Binar Bergstrom, of Winnipeg, son of Rev. L. P. Bergstrom, president of the Swedish Lutheran conference, is spending his vacation with Mr. and Mrs. Chas. A. Johnson, at Water Glen.

The board sidewalk in front of the Alexandra school on McDonald street has been taken up and the cement walk will be put in just as soon as the gang is through with the sidewalk on East-Railway street.

A picnic will be given by the Young People's Society of Angus Ridge, on Tuesday, July 21, on the Battle river, three miles south of the Angus Ridge school house. Sports of all kinds will be held and everybody is invited to come and have a good time.

The Bartenders' picnic on Sunday last was the best held yet this year and was attended by a large crowd. It was held at Gould's Crossing on the Battle river, east of town and the weather was ideal. Swimming races, foot races and a wheel of fortune were among the amusements provided and everyone is still talking about the excellent spread put up by the bartenders, and all who attended have stated their intention of being present at the picnic next year.

WIRELESS WAVES

WILL CARRY NEWS

OF OIL CONDITIONS

Calgary, July 7.—Wireless communication between this city and the oil fields of Southern Alberta has been established and will be in vogue on Tuesday. The main receiving station is located in the baggage office of Bankers Limited, and field stations have been installed at the following properties: The Dugan, Herring-Bell, Calgary Alberta Petroleum, Western Pacific, Southern Alberta Petroleum, Alberta Petroleum, Northwest Petroleum Development, Western Oil, Southern Petroleum Development, Rocky Mountain Oil and Marine Oil.

Government licensed operators will be in charge of all the field stations and the progress of development will be handed for dissemination in this city. The service will be of much benefit, as the news will be reliable and will have a tendency to counteract false rumors regarding sensational oil strikes which have been used by curb brokers to deceive the unwary investing public.

SUFFERED FOR FOUR YEARS

From Heart Trouble and Nervous Prostration

Mrs. John Hewson, Caledonia, Ont., writes:—I feel it my duty to let you know of the great benefit my Milburn's Heart and Nerve Pills did for me. I suffered for four years with heart trouble and nervous prostration. I was so bad that I could not go to work without sitting down at the top before I could go to my room. I couldn't sleep nor lie on my left side, for it would seem as though my heart would stop. I thought my time had come. I was doctoring with the doctor, but didn't get any benefit. I was advised to take Milburn's Heart and Nerve Pills, so I got two boxes, and after I had taken one box I began to feel better, and after I had taken two I could go up and down stairs with ease, so I took eight boxes, and I am enjoying good health again. I consider it a Godsend to have your pills in the house.

Milburn's Heart and Nerve Pills are 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

MIN WELL SATISFIED.

Speaking of his experience with cow testing for three years one farmer near St. Hyacinthe, Quebec, recently expressed himself as very well satisfied. He had good reason to be, for in June this year his nine cows averaged 1,203 pounds of milk each, a total of 10,827 pounds. Three years ago the average was only 823 pounds the total being 7,411 pounds.

In other words, his income from the nine cows was thirty-four dollars greater in one month this year.

Instances very similar to this may be found in every county where cow testing has been taken up intelligently. Near Listowel, Ontario, is a herd that gave on the average 2,700 pounds of milk more per cow than three years ago. The addition of four hundred and thirty-two dollars per year to one's income, without increasing the number of cows, is a substantial and tangible result of intelligent giving and sampling.

Again, at Woodstock, Ontario, a herd now yielding 8,307 pounds of milk per cow, an increase of almost 3,000 pounds per cow.

Research farms for milk and feed, and a herd record book, will be supplied free on application to the dairy commissioner, Ottawa.

Judicial Sale

OF FARM LANDS

Pursuant to judgment and final order for sale in the action of Bloss P. Corey vs Helena Beck there will be offered for sale by public auction subject to the conditions and reservations contained in the original grant from the crown or in the existing certificate of title, with the approval of a Judge of the District Court of the District of Wetaskiwin, by George L. Owen, Auctioneer, at his auction room, the City of Wetaskiwin, in the Province of Alberta, at 11 o'clock in the forenoon on Saturday, the 18th day of July, A.D. 1914.

The North West quarter (N.W. 1/4) of Section 52, (16) Township Forty-six (46), range Twenty-two (22), West of the Fourth Meridian, in the Province of Alberta.

The Vendor is informed that the said land lies about three miles from Gwynne Post Office and about six miles from Bittern Lake, the nearest Railway station, that the soil is Black loam, about forty acres being River bottom land and suitable for cultivation, the balance mostly silt-bill and about five acres of marketable timber, that the property is well watered but contains no improvements.

The Purchaser is at the time of the sale to pay down a cash deposit of ten per cent of the purchase price to the Vendor's solicitors and the balance to be paid into Court within Sixty days without interest.

The sale is subject to a Reserve Bid which has been fixed by a Judge.

In all other respects the terms and conditions of sale will be the standing conditions of the Court.

Particulars may be obtained from Messrs. Hyndman, Hyndman Milner & Matheson, Royal Bank Chambers, Edmonton, Alberta, Solicitors for the Vendor, or from E. D. H. Wilkins, Barrister, in the City of Wetaskiwin, in Alberta aforesaid.
